Subject: [External] ATA-MSC Urges Further Details Following GHC Timeline Adjustment
Date: Tuesday, September 12, 2023 3:09:08 PM

Good Afternoon ATA Moving and Storage Conference Members,

Yesterday USTRANSOM **announced** that it was adjusting the timeline for shipments under the Global Household Goods Contract. The announcement noted that "local shipments under GHC, will likely begin later in 2023 instead of the initial target of September."

In follow-up to this communication and a subsequent **media release** from GHC contractor HomeSafe Alliance, the ATA Moving & Storage Conference wrote to senior HomeSafe leadership. The letter, **linked here**, notes that both announcements are vague in regards to timing, and asks that HomeSafe provide additional information regarding timing and updates. ATA-MSC will continue to monitor and share any information we receive.

As always, thank you for your continued engagement,

ATA Moving and Storage Conference
